PROFILE

Lead Product Designer with 6+ years shaping AI, fintech, and marketplace products across B2C and B2B. Leads product discovery, strategy, systems design, and end-to-end delivery, turning ambiguous business problems into scalable user experiences. Experience spans conversational AI, AI growth platforms, financial marketplaces, white-label FX, design systems, and analytics-led optimisation.

CORE SKILLS

- Product strategy & discovery
- AI product design & AI-assisted workflows
- Systems thinking & experience architecture
- Design systems & scalable UI patterns
- UX research, testing & iteration
- Growth, conversion & A/B testing
- Product analytics (Mixpanel, Clarity)
- Cross-functional leadership
- Design QA, SOPs & process design
- Figma, FigJam, Miro, Claude, Azure DevOps

EXPERIENCE

Lead Product Designer | Suretree Systems ***Fintech / AI***

May 2022 - Present

Leadership & strategic impact

- Act as a strategic product partner across discovery, prioritisation, solution design, and delivery, challenging assumptions rather than solely executing requirements.
- Partner with senior leadership, Product, Marketing, and Engineering to shape product direction, roadmap priorities, experience architecture, and business outcomes.
- Established design QA standards, SOPs, and delivery processes that improved quality and reduced engineering rework; delivered 7 major Q4 2025 initiatives with zero design-related defects and zero engineering rework.
- Use Mixpanel, Microsoft Clarity, customer insights, and behavioural data to identify growth opportunities and prioritise experience improvements; mentor junior designers and raise documentation and delivery standards.
- Awarded P1 (Exceptional Performance), recognised as a Consistent Star, and recommended for promotion and phantom equity.

Selected product work

nairaCompare (B2C Financial Marketplace) | nairacompare.com

- Led design strategy across Loans, Savings, Investments, Fixed Deposits, Insurance, FX, and Credit Score, including provider management systems and white-label FX solutions.
- Designed reusable listing, comparison, provider-detail, calculator, and content frameworks used across multiple product categories, strengthening consistency and delivery speed.

Maxella AI (B2B AI Growth Platform) | maxella.ai

- Led UX strategy across AI agents, content-generation workflows, analytics dashboards, attribution systems, and lead-management experiences for financial institutions.
- Designed enterprise workflows that balance automation with transparency, operational control, performance visibility, and partner-facing needs.

Maxella NG (B2C AI Financial Assistant) | maxella.ng

- Designed conversational AI experiences, onboarding, recommendation flows, authentication, saved chats, and interaction patterns balancing AI assistance, trust, transparency, and user control.

BetCompare (Betting Comparison Platform) | betcompare.ng

- Designed comparison and discovery experiences and improved information architecture and programmatic SEO frameworks supporting trust, organic acquisition, and conversion.

EARLIER WORK EXPERIENCE

UI/UX Designer | Farmforte *Fintech / Agritech*

Aug 2021 - May 2022

- Led end-to-end design for agritech investment products from research and concept through engineering handoff, simplifying complex investment workflows to improve clarity, trust, and task completion.
- Conducted user research and usability testing and collaborated closely with product managers and engineers to deliver production-ready experiences.

UI/UX Designer | Lucid Ray Limited *Consulting*

Apr 2021 - Aug 2021

- Designed websites and mobile applications across energy, sustainability, and corporate services; created reusable UI patterns and presented design rationale to clients and internal stakeholders.

UI/UX Designer | HYBR Group *Fintech / Investment*

Jan 2021 - Apr 2021

- Designed fintech and investment experiences, producing wireframes, high-fidelity mockups, and interactive prototypes in collaboration with developers, product managers, and designers.

Junior UI/UX Designer | Onteres Consulting *Consulting*

Nov 2019 - Dec 2020

- Supported end-to-end digital product engagements across requirements gathering, design thinking, visual concept development, and cross-functional delivery.

EDUCATION

BSc. Petroleum Engineering | University of Ibadan

2014 - 2018
